

New Policy Changes

1. All hunters in the field must wear at the minimum 144 square inches of orange. This is year around.
2. Transporting Firearms: Firearms must be cleared and safe, with the breech open and equipped with a tamper-resistant mechanical lock or other safety device. While transporting firearms, they will be placed in the trunk or in a securable compartment closest to the rear of the vehicle. Transporting firearms on bicycles, motorcycles, or any two or three-wheeled vehicle is prohibited. Firearms will not be stowed in such a manner as to appear to be a concealed weapon, e.g., under seats or partially hidden. Ammunition must be stored and locked away separately. Examples of concealment: hiding a firearm or dangerous weapon on one's person; transporting a firearm or dangerous weapon in a privately owned vehicle hidden from view, unless secured in the vehicles trunk as described above. Rule of thumb, if it's pavement the weapon must be stored appropriately.
3. A5 Hunting Area: Is an Archery Only Area located on Sudden Ranch. Also, vehicular traffic is prohibited in this area. Hunters must park outside its boundary.
